*Fall is upon us and will soon create that beautiful tapestry of colors as the leaves reach peak foliage.*

*As many of you already know, Stevenswood has had a wonderful working relationship with the administration at Northwest Hospital. Their motto is Caring for Our Communities, Together. To that end, Mrs. Terri O. Dashiell, Manager of Community Health Improvement, is our guest speaker at our October 14 General Meeting. She will present information regarding recent Community Health Needs Assessment Surveys and solicit feedback from us. During the discussion, Mrs. Dashiell will present the findings that she has up to October 14; and she would like to find out if there are other things we would like the Hospital to add. Finally, Mrs. Dashiell would like to find out how we feel about the findings.*

*This promises to be an exciting meeting. Refreshments will be served, and gifts will be available as well.*

*Please join us and bring a neighbor.*
